

Strategy Document: Canadian Federal Procurement Analysis — Competition, Vendor Concentration, and Spending Trends

Sign-off matrix:

Name	Team / Role	Date
Jatin	Analyst / Project Owner	20-08-2026

Proposer: [Your Name]

Status: Draft > Under review > Implemented | Not implemented

Primary dataset: Proactive Publication - Contracts — “Contracts over \$10,000” (CSV), Open Government Portal, Treasury Board of Canada Secretariat.

<https://open.canada.ca/data/en/dataset/d8f85d91-7dec-4fd1-8055-483b77225d8b>

Secondary dataset: “Aggregated Total - Contracts \$10K and under” (same dataset page, for context on small-contract volume not captured at the row level); optionally, Statistics Canada CPI data to inflation-adjust multi-year dollar comparisons.

User Profiles [Who is the intended audience for this dashboard? How do you expect them to use this dashboard?]

The primary audience is procurement oversight and audit staff, who will use the dashboard to monitor sole-source rates and vendor concentration by department on a recurring basis. A secondary audience is departmental CFOs, who will use it to benchmark their department against peers. A tertiary, public-facing audience — journalists, researchers, and the general public — will use a simplified summary view to explore headline spending statistics without needing to interpret raw government data.

Dashboard Functionality

Dashboard Feature

Your Request

Reference dashboard | Not modeled on one specific | | existing dashboard; loosely (Should this dashboard be modeled | inspired by public procurement | on an existing dashboard? If so, | transparency tools such as | provide a link and describe the | USAspending.gov, adapted for | similarity.) | Canadian fields and fiscal-year | | conventions.

Access | Public-facing, since the | | underlying data is fully open. In (How should access to the | the simulated internal-use case, | dashboard be limited? Who needs | access would be limited to | to have access?) | oversight and audit staff. |

Scope | All federal contracts of \$10,000 | | or more in the “Contracts over (What data should be included or | \$10,000” file, covering the most | excluded in this dashboard?) | recent five available fiscal | | years. Contracts under \$10,000 | are excluded at the row level | (only available in aggregate). | Legacy-format years are excluded | unless a follow-up phase | harmonizes the schema.

Dashboard Feature

Your Request

Date filters and granularity | Yes — a fiscal-year slicer | | (defaulting to the most recent (Should the dashboard include | complete fiscal year), plus a | date filters? If so, what time | granularity toggle between | frame should be displayed by | fiscal year and quarter. | default? Should the dashboard | include a “granularity” | drop-down? If so, what | granularity should be selected by | default?) |

Metrics and Charts

Create a table for each chart that you’d like to include in the dashboard. If you’d like to break the dashboard under different headers, feel free to list those here as well.

Chart 1

Chart Feature | Your Request |

=====+=====

Chart title | Competitive vs. Sole-Source | | Contract Value by Department |

Chart type | Stacked bar chart | | (What type of chart needs to be | | created?) | |

Dimension(s) | Department/agency; contract type | | (competitive / sole-source) | (What dimensions does this chart | | need to include?) | |

Metric(s) | Total contract value (\$); % of | | departmental spend | (What metrics are relevant to | | this chart?) | |

Chart 2

Chart Feature | Your Request |

=====+=====

Chart title | Top 10 Vendors by Total Contract | | Value |

Chart type | Horizontal bar chart | | (What type of chart needs to be | | created?) | |

Dimension(s) | Vendor name | | (What dimensions does this chart | | need to include?) | |

Metric(s) | Total contract value (\$); number | | of contracts; % of total | (What metrics are relevant to | government spend | this chart?) | |

Chart 3

Chart Feature | Your Request |

=====+=====

Chart title | Monthly Contract Award Volume | | (Year-End Spike Check) |

Chart type | Line chart | | (What type of chart needs to be | | created?) | |

Dimension(s) | Month; fiscal year | | (What dimensions does this chart | | need to include?) | |

Metric(s) | Total contract value (\$); contract | | count | (What metrics are relevant to | | this chart?) | |
